

# ELITE

S E R I E S

**Its all in  
the name:  
Elite Series**

*Painted G100 Elite Series  
panels are one of the  
heaviest galvanized coat-  
ed panels in the industry.*

*With the warranty to  
match!*

Long known for our exceptional line of metal roofing and siding building panels, Metal Sales has taken quality a step further. With our Elite Series panels, you'll recognize all of the outstanding features of our original panel products... superior paint, diverse color selection, and unique profiles. Additionally, the Elite Series product offer one of the heaviest galvanized-coated panels in the industry, G100, providing the longest life possible for your residential, agricultural, or light commercial building project.

## Step up to the Elite Series
