Premium Finishes & Materials*

Prints

A distinctive multi-layered finish that mimics the natural look of rust, woodgrain, stone and slate with all the benefits of light-weight metal panels.

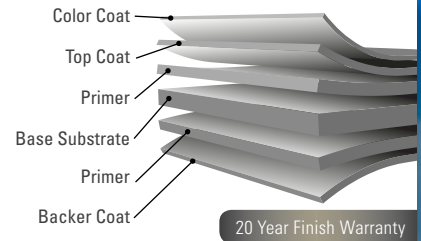

Layers of Protection

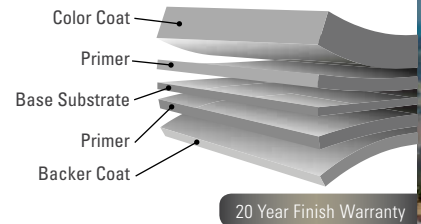

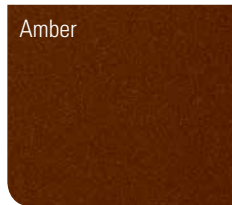

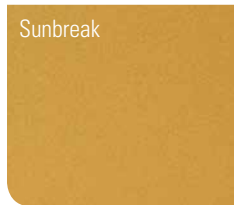

Nova

Enjoy a new dimension with dynamic eye-catching gold or silver sparkles added to nearly any color you can imagine.

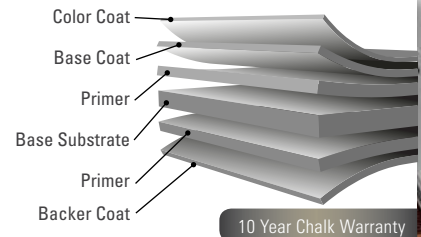

Rustica

Featuring a soothing, nature-inspired palette that showcases more saturated colors with a rich, weathered antique look.

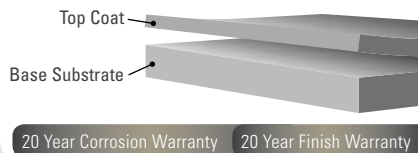

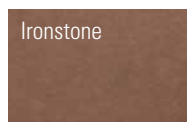

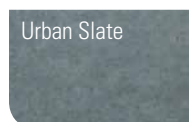

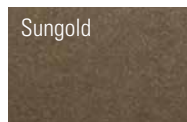

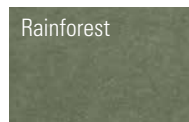

Kameleon™

An iridescent, multi-toned effect that shifts from one color to another depending on the angle or light.

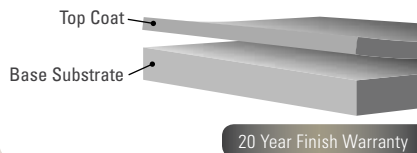

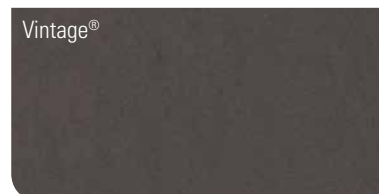

Eternal Collection

The unique combination of pigmentation and gloss provides a rich, warm color and distinctive surface sheen.

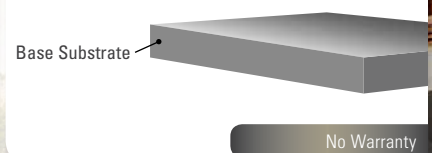

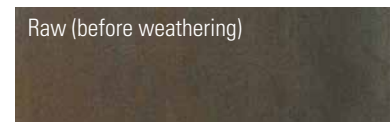

Vintage®

An innovative pre-painted metal product with a coating that pre-ages TruZinc® steel. This produces a beautiful, yet extremely durable finish that replicates the look of zinc.

Weathering Steel

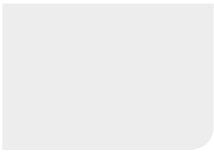

A gun-metal grey steel alloy that is designed to naturally rust over time, creating a dynamic and distinctive aged appearance.
