Manufacturing Information

Manufacturing Facilities

These panels are produced at two facilities, Sellersburg, IN and Fontana, CA (Typical lead time 4-6 weeks)

Minimum Order Charges

Metal Sales has established minimum order amounts on certain products. This minimum charge is per color and profile ordered.

<u>Profile</u>	<u>Minimum Order</u>	<u>Minimum Charge</u>
24ga Press Broke Panels	200LF	INQUIRE
24ga Dual Beam Panels	200LF	INQUIRE

Metal Sales has established minimum order amounts on certain products. This minimum charge is per nonstock color and gauge ordered.

<u>Profile</u>	<u>Minimum Order</u>	<u>Minimum Charge</u>
22Ga and Thicker Panels	40SQ(Inquire)	40SQ of material

Product Lengths & Cut Charges

- Press Broke panel profiles have a minimum length of four feet (48"). All profiles can be hand cut to a length of less than four feet (48") for an additional charge of \$5.00 per panel. Minimum length is two feet (24")

- Dual Beam panel profiles have a minimum length of eight feet (96") All profiles can be hand cut to a length of less than eight feet (96") for an additional charge of \$5.00 per panel.

- Dual Beam profiles produced in Fontana are not available shorter than five feet (60")

- Maximum length varies with profile and gauge. Contact your sales representative for max. lengths.

Packaging / Crating Information

Standard Packaging- All products, unless specified otherwise, will receive standard packaging. The list below defines what is considered standard packaging for each product. Requests for special packaging are subject to approval and additional charges will apply.

<u>Profile(s)</u>	<u>Description of Packaging</u>	<u>Minimum Charge</u>
Nested Panels -	Profiles will be covered in a reinforced paper material and held together with banding material and banding edge protectors. 2500 lb max skids.	INQUIRE
Non-Nested Panels -	Maximum 1500 lbs in open wood crates	INQUIRE

Special Packaging

Product packaging that is beyond the scope of Standard Packaging and is offered to accommodate a customer request or is necessitated due to the requested means of shipment. Special packaging will incur additional costs as noted below.

- Nesting Panel cover sheets - INQUIRE
- Nesting Panel export crating INQUIRE
- Non-Nesting Panel export crating- INQUIRE
- Non-Nesting Panel additional crates - INQUIRE

Special packaging methods and charges are subject to change, without notice, as necessitated by Metal Sales.

Delivery Information

- All panels are subject to freight costs depending on profile, gauge, lengths and quantities. (Typical lead time 4-6 weeks)

Standard Metal Sales Delivery

- A standard delivery is a delivery to the Metal Sales customer's primary place of business.
- On standard deliveries, the customer is responsible for unloading materials and any subsequent damage that occurs during unloading.
- All locations must be accessible by an 85', 80,000 lb tractor / trailer unit. Accessibility is defined as the ability to enter, turn around, and exit the site.
- Charges will apply for most products please contact your sales representative for charges.

Common Carrier Delivery

- A Common Carrier delivery is a delivery to the Metal Sales customer's place of business or jobsite.
- On Common Carrier deliveries, the customer is responsible for unloading materials and any subsequent damage that occurs during unloading.
- All locations must be accessible by an 85', 80,000 lb tractor / trailer unit. Accessibility is defined as the ability to enter, turn around, and exit the site.
- Charges will apply for most products please contact your sales representative for charges.

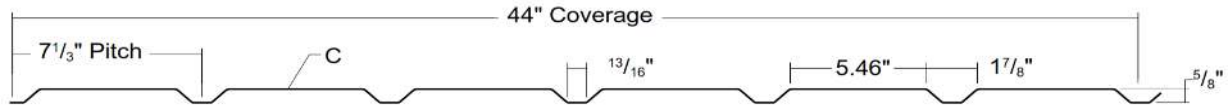

****NOTICE**** Some items are manufactured with a clear protective film. Items with protective film installed should be kept out of direct sunlight in a temperature controlled area and film must be removed prior to product installation.

EXPOSED FASTENED T-PANELS

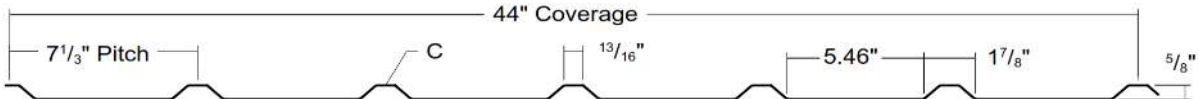

T1 Profile Information

- ✓ Available in 24, 22, 20 and 18ga
- ✓ Available in Kynar 500 colors
- ✓ Paint Warranty - Kynar 45 year
- ✓ Available in Galvanized and Galvalume
- ✓ Install over open framing or solid deck (see load chart for ratings)
- ✓ 1:12 minimum slope
